[keiththreewits@darkegop.org](mailto:keiththreewits@darkegop.org) or 937-968-6158**

KrisAnne created this presentation at the request of a state legislator in Utah after attending a Genealogy presentation. The origin of the Constitution and the Federal government is clearly explained. The unquestionable authority of the people - through their states - to be the final arbiters of their own liberty, is laid out in a way that cannot be denied (unless you simply reject truth)! KrisAnne shows the solution the framers gave us to keep a lawless federal government in check.
