

Grassroots Precinct Leader

The Ohio Republican Party (ORP) and the Republican National Committee (RNC) have teamed up in order to lay a statewide grassroots infrastructure, which will lead us to victory in the 2014 and 2016 elections. We are asking you to be a part of this movement to bring all Republicans together in an effort to elect conservative leaders by out working the Democrats in the coming elections. Below are a list of tasks and duties that may be asked of the precinct leaders throughout the coming elections.

- Recruit other volunteers in your precinct
- Canvass your precinct
- Inform campaigns of what is happening in your precinct

As a special appreciation for your commitment, the GOP Precinct Leaders will be invited to join exclusive conference calls throughout the year. You will be given special updates from the party, campaign operatives, candidates and elected officials.
