## SOMETIMES

we need a bridge and sometimes we are the bridge. No one I know has escaped troubled waters, rough seas and challenging, scary days. There are times in our lives when we could use a little help, and other times when we are given the chance to be that help for someone else. It really doesn't matter where you are right now. What matters is that you remember we are stronger together, and taking a hand is just as important as offering one.
